

# Regional Consultation Workshops

An Opportunity To Engage Together in a Process of Discernment: April - May 2018

Anglican Diocese of  
Canberra & Goulburn

## Consultation Purpose:

- To provide a consultation forum to give voice to the prayerful reflections and wisdom of lay people and clergy across the breadth of the Diocese
- To contribute to the shaping of the Diocesan Profile and Episcopal Selection Criteria for the election of the 11th Bishop
- To inform the Episcopal Election Nominations Committee of views broadly held across the Diocese

## Instructions as you Prepare in Advance

You'll find it helpful to allocate 45-60 mins for this exercise.

To ensure that all views can be considered during the workshop, we request that you prayerfully reflect and prepare in advance. **This will involve responding to the questions on page 2 prior to your arrival at the workshop.** Your contributions will enrich our conversations and enable us to maximise our capacity to achieve the purpose of the consultation.

Thank you in anticipation for your assistance.

- Please organise a sticky note pad. You will require it to complete this exercise.
- There are four sections with a number of questions listed under each. For every question, you're welcome to generate as many ideas / answers as you prefer.
- Please only **record one thought per sticky note**. So for question A1, you might come with 3 different ideas written on 3 different sticky notes.
- If you struggle to think of an answer for a question, that's fine. Simply move on to the next question. The idea is to draw upon the insights and wisdom of people's collective thinking and experience. Others may have views to share on that question, which you'll have an opportunity to interact with.

### As a hint:

*If you end up with lots of sticky notes, you might find it helpful to arrive a little early so you don't feel rushed.*

- Include the question number in the top corner of your sticky note, (e.g. A1, B2).
- Be aware you may end up with a large number of sticky notes. It is these ideas that will form the framework for our conversation. Please be encouraged to remember that our interaction will be in brainstorm 'blue sky thinking' mode, therefore be inspired to 'dare to dream' as you prayerfully discern ideas.
- Your contribution will enable us to canvas a broader range of perspectives and experiences.
- Please allow sufficient time to place your contributions on the 'wall of ideas' when you arrive at the workshop. Thank you.
